VOL. VI.

SIERRA MADRE, LOS ANGELES COUNTY, CALIFORNIA, FRIDAY, MAY 29, 1914

NO. 35

BOTH SIDES CONFIDENT OF VICTORY

For lack of a quorum there was no session of the city trustees last evening, so those who gathered with the expectation of some action on the referendum petition on the ordinance extending the district against sanatoriums were disappointed. The members present adjourned until next Tuesday evening when it is expected City Clerk Perry will report on the result of checking up the names on the petition.

Following the filing of the referendum petition the sanatorium advocates started the circulation of a third petition, to be signed by persons who had signed neither of the preceding petitions. It recites the disapproval of the signers for the publicity and wrangling over the question and urges the trustees to repeal the ordinance at once, indicating that if the matter comes to a vote at the referendum election they will vote against it. The petition, has of course, no legal status in the referendum proceedings but is an effort to place the sentiment of as large a number of voters as possible on record as opposing the amended ordinance.

State Law

Something new was turned up yesterday by Messrs. Kraft, Camp and other opponents of sanatoriums, and which may possibly result in taking the whole matter out of the hands of the trustees and voters. They discovered a section of the penal code which reads as follows:

"Every person who establishes or keeps or causes to be established or kept, within the limits of any city, town or village, any pest house, hospital or place for persons afflicted with contagious or infectious diseases, is guilty of a misdemeanor." The maximum penalty for violation is \$500 fine, or six months imprisonment, or both. Whether or not there will be an effort to invoke this section of the law remains to be seen, depending on further investigation of the legal phases of the matter. It is said that there are no court records showing interpretations of the section, though the language seems to be plain enough to the average layman. Some time since a case was brought against a sanatorium which was starting up in Pasadena, but never came to trial, being dismissed because of insufficient evidence. The sanatorium went out of business and there was no occasion for further action.

Agitation Continues

Excitement has continued at high pitch all through the week. The opposing sides exchanged broadsides in the form of circulars distributed from house to house. The Sanatorium Company offered a general statement of its position and of various phases of the question. The "antis" came back next morning with a circular dissecting the sanatorium statement paragraph by paragraph and presenting the various points from the other angle of view.

At a meeting held in the city hall on Monday evening the Sierra Madre Protective and Improvement Association was organized. The chief purpose of the organization is to formulate methods for systematic effort to prevent the opening of El Reposo or any other property in Sierra Madre for sanatorium purposes. The call for the meeting brought out a considerable number of property owners who deem it detrimental to the best interests of the city that the further exploitation of a sanatorium would be an added disadvantage in efforts to secure the best class of residents to locate here.

The association went on record with pledge to support the city trustees in passing the ordinance extending the restricted district. Plans were made for putting all legitimate arguments against sanatoriums before the voters of Sierra Madre and before others who may have gained a false impression regarding the position and contentions of its members.

That the association intends to take up a definite constructive program for community improvement was indicated by the adoption of a resolution endorsing the proposed school bond issue of \$12,500 which is to be voted upon June 15.

The following officers were elected by the association: President, Justus Kraft; first vice president, H. O. Vogel; second vice president, Mrs. J. A. Osgood; secretary, L. Dietz; treasurer, G. H. Lettau; directors, Newman Esick, J. A. Osgood, G. H. Johnson, G. E. Coapman, J. T. Mason, W. S. Collins, K. M. Ham.

HOLIDAY CLOSING

Saturday being a legal holiday, most of the merchants have agreed to close their places of business all or part of the day. Housewives will do well to remember this and do their shopping early Saturday morning, or run the risk of short rations before Monday.

* Fellow Citizens of Sierra Madre: *
* I conclude from rumors that *
* come to me that there is danger *
* that honest differences of opinion *
* of our citizens on the sanatorium *
* question is likely to cause dissen- *
* sion, spiteful expression, and pos- *
* sibly broken friendships and other *
* unpleasant and unprofitable re- *
* sults. I have to say as one of your *
* trustees, that our board is, I be- *
* lieve, a unit in desiring to carry *
* out the wishes of the majority, and *
* personally I desire to state that I *
* have no prejudice in either direc- *
* tion. *
* As I remember it, the Woman's *
* Club, also the Board of Trade, *
* sent our board a letter heartily *
* endorsing the proposed change in *
* the prohibited sanatorium limit *
* from 5,000 feet to 6,000 feet from *
* Baldwin and Central intersection, *
* and our board in good faith and *
* thinking it the wish of the citizens, *
* passed the ordinance. It develops *
* that some are dissatisfied, and I *
* believe that the referendum law *
* provides the only logical way of *
* settling this. *
* However, I wish to caution all *
* citizens that an honest difference *
* of opinion is possible, even if it is *
* not in accord with our own views. *
* There seems to me insufficient *
* reason for dissension in our midst, *
* causing harsh and unfriendly feel- *
* ings where in the past warm *
* friendships and splendid co-opera- *
* tion have existed and should exist *
* in the future. *
* Let us not act like immature *
* children, but pull for the common *
* good of our community, having the *
* justice to grant that even this may *
* not to all seem best attained in *
* the same manner. I believe a good *
* citizen should submit to the ma- *
* jority cheerfully, and this I am *
* ready to do. But let's do it peace- *
* fully. Any other way seems to me *
* unworthy of mature citizenship. *

FIRES IN FOREST RESERVE

Tribune: There will be little danger of forest fires originating from carelessness of summer campers this year in the Angeles national forest, if those who go to the mountains bent on doing cooking in the open comply with the rules laid down in a pamphlet issued yesterday by Rushton H. Charlton, supervisor of the forestry service for Southern California.

For years past great losses have resulted purely from the refusal of campers to abide by suggestions and advice of rangers and Mr. Charlton has decided to place a condition on the building of all camp fires this summer. Every camper contemplating a trip into the mountains must obtain written permission from the ranger before he will be allowed to start a fire. To this end Mr. Charlton yesterday distributed hundreds of little cards, bearing the rules to the rangers throughout the district. No charge will be made for the "license" and application to any of the rangers will be honored by the grant of permission.

The rules require that small fires only shall be built and then only in the open and not against a tree or log nor within twenty feet of standing brush; that all leaves and trash shall be scraped away from the fire; that the fire shall never be left unattended and that it shall be extinguished first with water, then covered with dirt.

BELLA VISTA SOLD

F. B. Lewis has sold Bella Vista Terrace to Mr. Cannon of Redondo Beach and will give possession on June first. This group of eight semi-detached cottages was called by "The Craftsman" magazine "the last word" in architecture of the kind. It was designed by Irving J. Gill and Mr. Lewis has developed the property in a most artistic manner. It has gained a wide reputation for its beauty and novelty of plan. Mr. Lewis and family will leave for the beach next Monday for a lengthy stay, but their Sierra Madre friends will hope to see them return and make their home here. Mr. Lewis retaining his other Sierra Madre property.

BIG PIER CELEBRATION

Huntington Beach is laying great plans for a big celebration to be held on Saturday and Sunday, June 20-21, in celebration of the completion of the longest and highest municipal concrete pier on either coast. Amusements of all kinds will be furnished, including surf boat riding, swimming contests, high diving, baseball, Japanese wrestling, fencing and jiu jitsu, winding up with a big dance on the pier Saturday night. Sunday's program will be almost entirely musical, the music being furnished by bands and large chorus choir made up from church singers of Los Angeles. Provision is being made to handle at least 6,000 each day, as great interest is being aroused in the approaching celebration.

THE EPISCOPAL CHURCH

Church of the Ascension, the Rev. Dr. George H. Cornell, rector. Vested choir. Whit Sunday. Sunday school, 9:45 a. m. Sermon and Holy Communion, 11 a. m. All are cordially invited.

MUST REMOVE WEEDS

Inflammable Growth Must Be Removed From All Lots and Streets

Inflammable and unsightly weeds and grass must be eradicated from all property and from all streets in Sierra Madre. If the work is not done by the property owners it will be done by the city and the costs taxed against the property. Notices advising the property owners of these facts have been sent out by Street Superintendent Udell and the work is already well under way in many parts of the city.

Removal of weeds from private property is made compulsory under a city ordinance as a fire protection measure. In addition to removing a serious fire hazard the improved appearance of the cleared property is well worth the cost.

A new state law makes property owners liable for the removal of weeds from the streets upon which their property abuts. Upon adoption of a resolution by the city trustees declaring the weeds to be a nuisance and notification by the street superintendent, the nuisance must be abated at once or it will be done by the city just as the private property is handled. On improved streets the parkings only would be affected, but on unimproved streets the property owner is made liable to the middle of the street.

When to Burn Weeds

South of Grand View Avenue there are no restrictions as to hours for the burning of weeds and no permit is required. The good work may be carried on at any time.

North of Grand View Avenue, the boundary of the Angelus Forest reserve, fires are permitted only between the hours of six and nine a. m. This applies to bonfires and the burning off of lots. A permit for the starting a fire is required even between those hours. Permits may be obtained upon application at the city hall.

Danger from fire spreading in grass and weeds is very great in that portion of the city lying near the mountains. Old residents understand that fact, but newcomers seldom realize the extent of the peril. With a few bright, sunny days the grass and weeds become inflammable as tinder and a fire once started is difficult to control.

CONGREGATIONAL CHURCH

Sunday morning the sermon at the Congregational church will be on the subject, "Who Is Mad?" In the evening the topic will be, "The Call of Abraham and His Response."

Children's Day program is under way. June 14 is the date.

June 20th is the date fixed for the Sunday school picnic. Of course every one will be going. Griffith Park is the place.

Another month for the C. E. campaign to "Help Our Church."

W. H. HANNAFORD, Pastor.

BUSINESS IS TRANSFERRED

Interesting announcement is made this week by two leading real estate firms, Andrews & Hawks purchasing the business, equipment and location of Mead & Gilliland. Messrs. Mead and Gilliland will retire from the local field. Mr. Mead and family will remove to their ranch near Riverside about June 8, and Mr. Gilliland will also remove to Riverside. They will probably enter the real estate business in Riverside county. Mr. Mead has been in business in Sierra Madre about seven years, devoting all his time to real estate and insurance during the past six years. Mr. Gilliland entered the firm about two years ago. The agency has negotiated about 300 sales besides doing a large business in rentals, insurance, notary work, etc. Both members have been active in Board of Trade work and other public activities and will be seriously missed.

Mr. Andrews was the pioneer insurance agent of Sierra Madre. With Mr. Hawks he entered the real estate field last fall and the new firm has worked up a substantial business. They will occupy the Mead-Gilliland quarters and will be prepared to furnish the service expected of a wide awake, aggressive firm.

HOME OF TRUTH

Devotional services held at the Home of Truth, corner Auburn and Carter, Sunday at 3:30 p. m. Upon the benediction in the sixth chapter of Numbers, "The Lord bless thee and keep thee; the Lord make His face to shine upon thee and be gracious unto thee; the Lord lift up His countenance upon thee and give thee peace." Services conducted by Harriet C. Hamor. Sunday school at two o'clock. All are cordially welcome at all services.

BASEBALL

Sunday's game, scheduled with the Sycamores, was forfeited to Sierra Madre, as the visitors failed to appear on the local grounds at the time the game was called. Next Sunday's game is with the Hyde Park team of Los Angeles.

Miss Margaret Christie, daughter of Mr. and Mrs. W. M. Christie, passed away on Sunday at the home of her parents. She was twenty years of age and a native of Montana. She had been a resident of Sierra Madre about two years, having been in poor health ever since coming here. Funeral services were held on Tuesday, conducted by Rev. W. H. Hannaford, and the remains were laid to rest in the Sierra Madre cemetery.

The Sock Social and Musicals given at the Congregational church by the Ladies' Aid Society on Friday evening was a very enjoyable affair. A large crowd was there and the ladies cleared about \$20. A pleasing program was rendered. Dainty refreshments of ice cream, strawberries and cake were served after the program in the church.

OBSERVING MEMORIAL DAY IN SPIRIT OF ITS CONCEPTION

RECURRENCE OF our important festivals and anniversaries deserves to be marked by reading and rereading of the literary classics which are peculiarly appropriate to each. Christmas should never be allowed to pass without reading of the scriptural story of the Nativity and of Van Dyke's "The Other Wise Man," or Dickens' "Christmas Carol." In the same way Abraham Lincoln's address delivered at the dedication of the Gettysburg battlefield cemetery has come to be associated with the observance of Memorial day. It was delivered in November, 1863, several years before the establishment of the annual memorial to the men who gave their lives for the preservation of the Union. But its spirit is that which was intended when May 30 was set apart for the purpose, far different from the modern celebrations with sports and games and hilarity. There is much to be said in favor of changing the date to a certain Sunday each year, to secure an observance more in keeping with the spirit of the great address which is here reprinted:

LINCOLN AT GETTYSBURG

FOURSCORE and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty, and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We are met to dedicate a portion of it as the final resting-place of those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men, living and dead, who struggled here have consecrated it far above our power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they have thus far so nobly carried on. It is rather for us to be here dedicated to the great task remaining before us; that from these honored dead we take increased devotion to the cause for which they here gave the last full measure of devotion; that we here highly resolve that the dead shall not have died in vain; that the nation shall, under God, have a new birth of freedom, and that government of the people, by the people, and for the people, shall not perish from the earth.

HEARING DATE SET

Judge Grant Jackson has set June 11 as the date for a hearing on the complaint of Louis Dietz asking for a recount of the ballots cast at the last city election. Trustees J. M. Beard, L. E. Steinberger and N. W. Tarr are cited to appear and show cause why they should not be removed from office and their certificates of election cancelled on the grounds of alleged errors in the counting of the ballots. The complaint in the case makes no charges of irregularities in the conduct of the election, but is based entirely on differences of construction of the law governing the counting of ballots. In the event of a recount the three candidates receiving the highest number of votes would be declared elected.

NORMAN ROSS RESIGNS

Monrovia News: Norman E. Ross, who has been in charge of the government station as forest ranger in the West Fork for the past two years, has resigned. His successor is Walter D. Marx, who recently passed the civil service examination for ranger. The position pays \$1,100 a year, with house and other benefits.

MONROVIA'S TROUBLES

Monrovia's city administration is up against a hard proposition. With outstanding claims of nearly \$5,000 and no money for current expenses until taxes come in next fall the task of making ends meet is a hard one. The News says editorially:

The final report of the auditor of city finances, presented to the council last night, shows a deficit of \$17,300 in the amount of money required to run the city government until December 1, at which time next year's taxes will be available.

There is now about \$11,000 in the treasury, all of which will be required for bond and interest charges which will fall due during the summer and fall, and the city treasurer will probably refuse to pay out any of that money except to liquidate bonded indebtedness.

Therefore the city treasury is empty at the present time, so far as the payment of running expenses is concerned, and there are at this time accumulated unpaid bills before the council to the amount of \$4,000. We are that much behind the point of solvency just now.

What about the future? At the lowest point to which salaries and expenses can be scaled, it will require \$2,000 per month to run the city and that means \$10,000 during the five months which must elapse before next taxpaying time, which, added to the deficiency represented by the unpaid bills in the hands of the trustees, is \$14,800.

To meet this deficit we have nothing but the probable net earnings of the water department for the five months of June, July, August, September and October. May earnings can be used, but they are small, and November earnings should not be counted in this estimate, for the reason that they will not be available until after next year's tax money begins to come in.

The net receipts from the water department for the next six months is estimated by the superintendent at \$1500 monthly, or \$7500 for the time.

These figures, which are not far out of the way, though not exactly correct, leave the city over \$7000 short of running expenses up to December 1, with all salaries and other expenditures cut to the bone.

WILL HAVE FACTORY

Sierra Madre has been noted in the past for its many advantages in climate and location, but it is about to have an additional reputation as a producing center. The Auxiliary Carburetor Company, which was a partnership consisting of Sierra Madre men, has incorporated under the laws of California and in the future it will be known as "Hawthurst Manufacturing Company." This move, together with the increasing demand for the Hawthurst Auxiliary Carburetor, has made this necessary. The new company will not confine itself alone to the production of carburetors, as it will be equipped to turn out all kinds of high class work and already has an option for the production of several articles which will meet with a steady market.

FEED AND FUN MEETING

Members of the Feed and Fun Club enjoyed an evening of entertainment and good fellowship in the Masonic lodge rooms Tuesday evening. The recently elected officers headed by W. A. Evans have started out upon a very successful year, judging by the interest shown Tuesday evening. A reading by F. D. R. Moore and reminiscences by Mr. Bassett of his fifty years as a Mason were heard with interest, after which games and refreshments were enjoyed till a late hour.

"The Office of Service"

Born to Dr. and Mrs. R. Hamilton Mackerras Sunday, May 24, a son.

On Wednesday Mrs. E. T. Pierce was entertained as the guest of Mrs. H. T. Fennel at the closing luncheon of the Ruskin Art Club, of Los Angeles.

Mr. and Mrs. Burton Andrews of Los Angeles spent Saturday and Sunday as the guests of Mr. and Mrs. W. S. Andrews. Mrs. Andrews came up to attend the lawn fete at "Mia Italia."

On Saturday Professor E. T. Pierce attended the annual convention of the School Trustees of the County, held at Alhambra. Professor Pierce was elected president and presided over the meetings.

A jolly party of young people enjoyed a cabin party in the Bailey canyon this week. The party was given in honor of the Berkeley students who are home for the summer and especially complimentary to Miss Barrows, daughter of Dean Barrows of the University of California, who is visiting in Southern California. About twelve young people enjoyed the trip and were chaperoned by Mesdames E. W. Camp and W. H. Ingraham.

**To the Lover of Good Coffee:**

We wish to advise you that we have installed in our store a new Royal Electric Coffee Mill. This machine is equipped with steel knives which cut the berry into fairly uniform, clean cut particles, instead of grinding and crushing it, as by the old method.

All Coffee Mills heretofore used will only crush the berry, mutilating the minute oil cells, allowing the Coffee Oil to evaporate, thus impairing the strength and flavor, and in a short time the coffee becomes rancid, sour.

This is one reason why a pound of coffee cut in this Mill will make more cups of full strength coffee than will any coffee ground the old way.

Royal Cut Coffee is also adaptable for percolators of French Drip Coffee Pots. Try a pound of our Coffee cut on a Royal Mill and we know you will be pleased with the results.

ONLY FACTS!

Affect Public Opinion Permanently

Sierra Madre's citizens are rapidly realizing that the strong movement in support of the ordinances restricting sanatoriums is directed solely against **Sanatoriums**. There is no campaign against "sick people" as individuals. The city offers them just the same opportunity to locate here as ever. The restrictive ordinance has been in existence many years. The ordinance extending the zone gives the beautiful mesa land the same protection the rest of the city has had, necessary to permit growth in that direction.

The ordinance of extension interferes with a private business whose representatives try to prejudice the minds of voters, by discussion and misrepresentation of the original ordinance. By this method they have created prejudice which they now try to turn into votes to accomplish the repeal of the **ordinance of extension only**, so that they may conduct a private business.

The petition supporting the ordinance has been signed by about two hundred men and women.

About half of the local business men have signed the referendum, not necessarily supporting the attack on the ordinances, but to have the matter settled by vote. About half of the local business men did not sign the referendum petition.

Some of the numerous letters available supporting the ordinance of extension.

Sierra Madre Improvement and Protective Association.

Gentlemen: I consider the restrictive ordinance pertaining to the El Reposo Sanatorium to be reasonable and for the best protection of the City of Sierra Madre as a whole. The provisions of the original ordinance have never been enforced for the working of any hardship upon any one living here for their health.

As a property owner, I consider that any sanatorium advertising counteracts the good effects of any advertising that has been done by the several city organizations and flower shows to attract attention to Sierra Madre as a desirable place of residence.

Very respectfully,

F. B. LEWIS.

Sierra Madre, May 26th.

Sierra Madre Improvement and Protective Association.

Gentlemen: I am heartily in favor of supporting the amended ordinance on the sanatorium zone as recently passed by the city trustees. This ordinance in no way changes the situation of private persons seeking health conditions here either as tenants or owners, but prevents a reestablishment of an institution that for over ten years has been several times opened up, advertised and closed down again as a sanatorium.

As one of the property owners on North Lima street, having large subdivisions close to the locality occupied by the sanatorium, on which lots I have placed heavy building restrictions, I believe the reopening of the institution is detrimental to building up that locality with good residences. Very truly yours,
Sierra Madre, May 26th.

LOUIS DIETZ.

Sierra Madre Improvement and Protective Association.

Gentlemen: As an owner of ten acres which I hope to place on the market as a subdivision, I consider the operation of the El Reposo Sanatorium, which is located close to my property, as detrimental to the best interests of the city and holding back developments of all property for residential purposes.

I fully concur in the extension ordinance as recently passed by the city trustees.

Respectfully,

HERMAN BLATZ.

A PUBLIC LETTER

in re sanitarium subject. Will someone stand up and explain what else this town can advertise? We have climate, scenery, good water, moral people and are (apparently) a model community. The climate gave this place a world wide reputation as a health resort. Ninety per cent of the old settlers came here on account of lung, bronchial and kindred complaints. Some even now cannot sleep in Los Angeles without getting wheezy and hasten out to our beautiful town. Owing to its location and the desirability for sanitarium sites, Captain J. A. Osgood made a deal to purchase the J. G. Blumer place for a supposed syndicate to erect such a building some years ago. Why forget? Is not the place just as suitable today? Have the climate or social conditions changed? The Los Angeles physicians who state that Sierra Madre is a "Tubercular Camp" are absolutely correct, so is Monrovia and Altadena. Sierra Madre has been such for forty years back. It will be for forty and more years to come. If the sick people stopped coming who would come? It would take two or three generations to change the conditions. As secretary of the board of health here, some years ago, I had records compiled of the tubercular people. These records are confidential, but I can say thirty-five per cent of the school children were from tubercular families. In that year the death rate showed eighty-four per cent from tuberculosis. As I look out of my bedroom window I can count twenty-one houses that contain tubercular people. Why evade the issue? God evidently created this and other sections in Southern California as "Tubercular Camps," and we might as well be truthful and acknowledge it. I came here eight years ago knowing I was coming into a hotbed of tuberculosis. Little "Unkey" Hosmer informed me that everybody had it up here and that everybody got cured of it up here. Since then, on an average of twice a month I get hailed by some acquaintance around the court house or in newspaper offices, with these salutations: "What are you living in that tubercular resort for? Who is sick in your family? My, but that's a pretty town. It's only for sick people though." Only recently Judge Paul J. McCormick of the superior court of Los Angeles county mentioned what a beautiful place Sierra Madre was and how unfortunate that Mrs. Lund had made a failure of the sanitarium. Judge Willis, also of the superior court, who was

a stockholder and acted as treasurer of the "El Reposo" also remarked what an ideal site the sanitarium occupied and what a big thing it meant for the town. Coming from the east recently I met a Chicagoan on the train. We exchanged cards. Immediately upon reading "Sierra Madre" he exclaimed, "Fine place for consumptives; it's well known in Chicago as a 'tubercular resort.' I've had friends there," etc. Even at one of our dances a partner, who hailed from the city of Los Angeles, gave me this: "Are you one of the lungers up here? You don't look it." I had gotten short of breath and was puffing from the exertion of dancing. When I replied I was not, she said, "Well, a lunker brought me out, but I'm not one, so we can dance with impunity." Needless to say we did. I cite these instances to show we cannot get away from it. We are known as a "Tubercular Camp," or if that hurts anyone, as a "Tubercular Resort." We are known as such, we have been known as such for years and we will be known as such for years to come. We are on the map as a lunker's resort and on the map we will stay as such. This twaddle about adverse advertising is foolish. I say let us have a tubercular sanitarium where the educational advantages will mean much to others. Sierra Madre is known throughout the length and breadth of this land as the third of ten best places in the world for tuberculosis. It is being advertised as a tubercular resort, which it is. It should, as a tubercular resort, have a sanitarium. A similar deal to that Messrs. Osgood, Blumer, et al, were trying to carry through is now about to be consummated, let us help it on. Let us welcome and help Dr. Charles A. Shepard who has the endorsements of Drs. Barlow, Bicknell, Moore, Bridges and others. These physicians and others recognize Sierra Madre as one of the few places fit for a sanitarium. Let us cut out our selfish interests and drop personalities. I understood when woman suffrage came politics were to be purified, man being so vile. Why practice "South of Market Street" and "Ate Ward" heeler tactics to change opinions. Some people are wondering what moral difference there is between a party threatening to boycott a merchant if he does not act in accordance with your opinions, or a factory owner threatening to discharge an employee if he does not vote a certain ticket, or offering a man five dollars for his vote. Looked at from the high plane of purified politics there does not seem much choice. I respect every-

body's opinion, but I do not agree with the opposition. I am not going to try and place a boycott on a certain wholesale grocery house because its representative living here is on the opposition, nor threaten anyone with social ostracism, nor denounce them as fifty years behind the age because they do not agree with me. I am going out in the broad highways, lanes and bypaths and fight the opposition in the open. Many of them I admire and look upon as friends. I am for the sanitarium. Let us be truthful. We're all here for health's sake, for our health, for the health of our children, or our relatives, or we were brought here by some friend who was here for health's sake. Why term a sanitarium an undesirable business, when so much good has been accomplished, so many lives prolonged and its educational features recognized the world over. Would this howl of undesirable business been heard if it was a paying institution and the howlers held stock? How many were thrown on the city when "El Reposo" closed? I visited this former institution on an average weekly. I know practically the conditions that existed. I aided a party in securing other accommodations after it closed. Who, pray, were the ones thrown out and where are they? If there is no objection to the individual health seeker who comes to Sierra Madre to make a home, and no hostility, why the objection to a poor unfortunate coughing at night? Why the objection to their getting off the cars at certain localities? Why the objection to a sanitarium that would harbor in cottages many of the individual health seekers? Kindly let us have a record of this friendly attitude to sick strangers, outside of a municipal nurse's report. I came here for my wife's health. How about you, Mr. Man, who objects to a poor individual's cough? Come, speak up. Some of you look sickly yourselves. How about some of your relatives and friends? Let us be fair, let us give others the same opportunities that we might seek ourselves, we know not how soon. Let us cut out this selfishness, this commercialism. Sierra Madre Madre is no place for that. We are too big. Sierra Madre is a health resort pure and simple. Has always been and always will be. The "T. B.'s" made the town what it is. The "T. B.'s" support the town now. The "T. B.'s" hold public office and have helped to upraise the standard. The "T. B.'s" have gotten cured here. The "T. B.'s" need a sanitarium and the opposition and city officials would erect a lasting monument to this place by endowing a ward or two in a well regulated sanitarium for a few indigent "T. B.'s" who might be so unfortunate as to become stranded in this "T. B."

community. Don't forget why you came here. Don't forget that friend of yours who came for the "T. B.'s." Don't forget that the good Lord and Giver of all things evidently meant this section as a haven for the weary and sick, the discouraged and disheartened, the friendliness and unfortunate "T. B." I am out in the open fairly and earnestly for a "T. B." sanitarium. Yours respectfully, JACK H. WRIGHT, T. B. (Town Booster)

Mr. J. H. Wright,
Sierra Madre, Cal.

Dear Sir: Replying to your inquiry, it is my opinion that any of the towns along the foothills would be benefited by the presence, and I think the majority sentiment in Monrovia, at this time, would favor the establishment of high class institutions of that kind in any number in the northern part of the city. Very truly yours,

GEORGE A. BARRY.

WOMAN'S CLUB NOTES

At last Monday's meeting of the club
 the annual election took place. The
 newly elected officers are: President,
 Mrs. W. J. Lawless; first vice presi-
 dent, Mrs. F. J. Hart; second vice
 president, Mrs. G. Hallet Johnson; cor-
 responding secretary, Miss Annis B.
 Coffey; recording secretary, Mrs. W.
 H. Ingraham; treasurer, Mrs. Louis
 Deitz; auditor, Mrs. L. E. Steinberger.
 The four directors elected are Mrs. W.
 Collins, Mrs. Irving N. Ward, Mrs.
 W. E. Walker and Mrs. E. C. Carhart.
 As a program Mrs. W. E. Keepers of
 Alhambra read a paper on Oscar Wilde
 which was an appreciation and inter-
 pretation of his art. This paper pre-
 pared three years ago for the Chicago
 Women's Press Club, of which Mrs.
 Keepers is a valued member, was most
 beautifully written and gave much
 pleasure to her audience.

Friday evening, the 29th, a dance will
 be given at the club house in charge of
 Mrs. L. L. Krebs. A professional dancer
 will give an interpretative dance of
 the life of Joan of Arc and a very
 clever little baseball dance. The pa-
 tronesses for the dance are Captain and
 Mrs. J. A. Osgood, Mr. and Mrs. C. H.
 Baker, Mr. and Mrs. F. J. Hart, Mr. and
 Mrs. C. C. Montgomery, Miss Annis

Socially and financially, the lawn
 fete held Saturday in the beautiful
 gardens belonging to Miss Thomasella
 Graham was a great success. During
 the early part of the afternoon a pro-
 gram was given on the upper terrace
 directly in front of the Italian Villa
 which, with the tall waving eucalyptus

trees at the rear, formed a rarely beau-
 tiful and effective background for its
 presentation. Mother Goose and mem-
 bers of her family gave the major part
 of the program and it was a pleasure
 to renew the acquaintance of these
 merry folks in such pleasant surround-
 ings. All the roles were well taken, but
 the most difficult, that of the crooked
 man who found the six pence, was very
 cleverly acted by Mrs. H. I. Hawks-
 hurst. Miss Margery Evans of the
 Cummock Schools gave two readings so
 naturally and spontaneously that they
 were much enjoyed. A negro dialogue
 interspersed with plantation melodies
 was given by a group of girls trained
 by Miss Carson and a ukelele and man-
 dolin duet pleasantly rendered by Karl
 Hart and Franklin Wright closed an
 enjoyable and refreshing program.

Mrs. L. L. Krebs very cleverly dis-
 guised as an old fortune teller and
 looking at least 105, acted the part to
 perfection and succeeded in inducing
 the guests to "cross her palm with sil-
 ver" often enough to add substantially
 to the club's treasury.

There will be a moving picture show
 at the club house on Saturday evening.
PRESS COMMITTEE.
